Understanding which Courses to enroll in:

- Each Engineering degree requires specific courses. Here are 2 website locations you can go to in order to verify the required courses for your degree and check your progress towards completion of that degree.
 - **MU Course Catalogue**: On this site, find your specific engineering degree field on left hand margin of the page. Once you've clicked on your specific degree, you can select Undergraduate and look at the required courses.
<https://nextcatalog.missouri.edu/collegeofengineering/>
 - **Cross-reference with your Degree Audit**: Your degree audit reflects the required courses in the catalogue, and also shows your progress by using a color-coding system.
<https://registrar.missouri.edu/degrees-audits/degree-audits/> (After clicking on link, scroll down to the student section and click "**here**"). This will take you to your degree audit.
